“Paul was an excellent teacher. We had quite a specific dance we wanted to do (for our wedding), and Paul was very willing to help us achieve what we were looking for. He was patient and very encouraging. We felt at ease and enjoyed the experience. Thanks very much for being our dance teacher Paul!”

“My fiance and I love taking dance lessons with Paul. He customizes his lessons to meet our diverse learning styles and abilities, using real world analogies and dance exercises to clearly communicate complex dance concepts. His lessons even come with partnering advice that we have found helpful both in dance and in our relationship! Paul focuses on the foundations so that we truly understand all elements of the dance, slowly weaving in more advanced steps that stem from the basics. He always gives us a preview of an exciting new move that we will learn in our next lesson, keeping us inspired and eager to learn more. Paul is great at giving positive feedback, reminding us of our improvements and making us feel so accomplished after each class. There is no doubt that Paul is passionate about dance, going above and beyond as a teacher by sending us helpful videos and links throughout the week. We are so grateful for everything that Paul has taught us!”

Kristi & Brian Review

“Hi Paul,

I am so sorry in the delay in getting this to you. Please find the review and testimonial below. We are so happy with how the dance came out and we cannot thank you enough for everything you did to help us get there.”

“Ballroom basics is a misleading name, because it is not just the basics that you can come away with. Paul is an excellent teacher, who brings patience and easy instruction to every lesson. Having a very minimal dance background before we started, he was able to tailor the lessons to not only show us steps, but allow us the freedom to build upon those steps. We met with him so that we could learn a dance for our wedding, and after a few lessons, we were moving around the room well and starting to get into some more advanced movements. By the end of our lessons, we had a full routine that we were very confident with and it showed on our wedding day. We wowed everyone in attendance and were both so happy with how the dance looked and felt.

Paul is able to not only teach you how to dance the steps, but the way he goes about it, with genuine enthusiasm and pride, makes it easy to become more confident in your movements and abilities on the dance floor. He will challenge you to step outside your comfort zone and really become a much better dancer than you thought you could ever be and he encourages you to continue to get better with every movement you make.

Lessons with Paul were the best part of our weeks leading up to the wedding and our first dance was our favorite part of our wedding thanks to Paul!”

Thanks again,

“I took some basic lessons before my wedding and had a wonderful time. It was a little slow at first, but once I got the steps down we moved along a little quicker and ultimately my wife was happy at our wedding, so it turned out great.”

"We came to Paul a month before our wedding date. Paul was incredibly flexible (traveling closer to us), professional, and great to work with! Both having little to no dance experience, he made us both feel very confident for our big night and it went off without a hitch! I would definitely recommend Paul to anyone!"

Brittany

"My fiance and I knew nothing about dancing, but Paul put us at ease right away and taught us just the right amount--enough to feel confident on our wedding day, and not so much that we were overwhelmed. Highly recommended!"

Thanks again for all of your help! I think our dance went really well, and we got compliments about it from several of our wedding guests!

Emily

"Paul is amazing. This is first chance I had to leave a review and my husband and myself couldn't be happier with Paul. We were both very nervous but he helped us be comfortable and most of all have fun doing it.

We had to stop his class do to circumstances in our personal life but because of him my husband and I have learned to be as one on the dance floor and in our lives. Thank you so much Paul!

WE HIGHLY RECOMMEND PAUL as he is not only a professional but a great person who really cares."
